## Rithmi Gamage

has completed the following course:

### DIGITAL SKILLS: WEB ANALYTICS ACCENTURE

**78%**  
OVERALL  
SCORE

Running a successful online business often requires a working knowledge of web analytics. This course explored the basics of analytics and why they are important for business. It identified the different types of analytics, including descriptive, diagnostic and prescriptive, and described the various web analytics processes and metrics used to measure online success. It also provided a five step guide on how to create and apply a measurement plan.

#### STUDY REQUIREMENT

3 weeks, 2 hours per week

#### LEARNING OUTCOMES

- Describe what web analytics is
- Explain why it is important for businesses
- Identify the different types of analytics
